

Consent/Opt-Out Form

Dear Parent:

The district is required by federal law to notify you and obtain your consent for or denial of (opt-out) your child's participation in certain school activities. The activities include any student survey, analysis, or evaluation, known as a "protected information survey," which concerns one or more of the following eight areas:

1. Political affiliations or beliefs of the student or student's parents;
2. Mental or psychological problems of the student or student's family;
3. Sex behavior or attitudes;
4. Illegal, antisocial, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom the student has a close family relationship;
6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or parents; or
8. Income, other than as required by law to determine program eligibility or to receive financial assistance under such a program.

This notice and consent/opt-out requirement also applies to the collection, disclosure, or use of student information for marketing purposes ("marketing surveys"), and to certain physical examinations and screenings.

There may be activities requiring parental notice and consent or opt-out for the 2018–19 school year. For surveys and activities scheduled after the school year starts which requires parental notice, the district will provide parents with notification as well as an opportunity to review the survey and consent or opt their child out. Please note that when the student reaches age 18 or is an emancipated minor under state law, the authority to consent transfers from the parent to the student.

Contact the campus principal if you do not want your child to participate in these activities.

If you wish to review any survey instrument or instructional material used in connection with any protected information survey, please submit a request to the campus principal. The campus principal will notify you of the time and place where you may review these materials. You have the right to review a survey and/or instructional materials before the survey is administered to your child.
