

## Child Nutrition Mission Statement

Our goal in the **BOWIE ISD** Child Nutrition Department is to continually improve our program year after year. In order for us to accomplish this goal, we have to receive enough reimbursement dollars from the Federal Government to break-even our CN program financially. This means we have to keep student meal participation as **high** as possible, because the government reimburses the district for each meal served. We offer our kids the **most popular** entrees choices to keep the **vast majority** of students interested in eating within the school cafeterias. As everyone's taste buds are unique, we cannot please everyone's taste. That is why we try and offer multiple choices to our students. If they do not like one of our offerings, then maybe they will like one of the other offerings. That way there is usually something there for them to choose.

\*\*\* Our CN Staff does an **excellent job** of keeping meal participation up each year \*\*\* while still meeting the federal government nutritional requirements!

### Popular Main Entrees

All of our lunch entrees are made with either **Whole Grain (WG)**, **Beef**, **Chicken**, or **Turkey** Products. Furthermore, we have made the attempt for all items to be **Low Sodium**. These products are formulated specifically for the **K-12 Educational Industry**. They are not the same type items that you purchase in your local grocery store, even though the product names may sound familiar.

### Healthy "Dessert" Option

Bowie ISD offers our students a healthy **V8 Fusion Smoothie** as their "dessert" option daily. It is one of our most popular menu items, and students really enjoy them. Bowie ISD feels that this is a better option than the traditional cakes, cookies, puddings, pies, etc. options. Our V8 Fusion Smoothie gives students a **1/2 Cup** serving of **Fruit**, and/or a **1/2 Cup** serving of **Red/Orange Vegetable**. This product also meets **USDA Nutritional Guidelines**.
